In East Aleppo, in an area smaller than a square mile, 100,000 civilians along with hundreds of doctors, nurses and humanitarian workers are trapped, 4km away from relative safety. Military forces have been moving to seize control of this area in what has been described as a 'complete meltdown of humanity'.

In times like these, it is easy to feel as though we have failed. To lose heart and think that what we are doing is not making a difference. This picture shows a recent Sunday lunch in our volunteer house. There were lots of children, who have all stayed with us at some point for some respite from the camp. There was much food, laughter and dancing - it was beautiful. Together, we have come from many countries, from different walks of life, and we were simply revelling in

being human.

A volunteer represents many things. Among these things is the reminder that there are people in the world who still care. We don't just provide clinic appointments, home visits, transport to hospital, medicines, vaccines, wool for knitting, sewing machines, plants for the garden and so on... we open our home, and our hearts, to them.

At times like these, keep doing acts of kindness in your local and wider community. Even a pound or dollar, given with your intention and thought, is a powerful thing. Give a bit of your time, which costs you nothing, to someone in need today.

...

To date, this is the youngest member of Team Kitrinos, aged two. Pictured here waiting for us to close up clinic for the evening. Our director, Siyana, is currently out there with her four year old. Whilst we are still looking for volunteers over the festive period, we understand you may well have other commitments.

Afterall, family is everything.

Nobody understands this more than the single parent travelling with several children, all under the age of five. This is the second winter they have endured, away from their husband, wife, son, daughter.

Clinical or non-clinical, you can really help us in the month of December. Please get in touch. If you can't leave your family, sometimes, you can take them with you.

Hi I would be interested in volunteering in a medic with over 5 years A&E experience, however I am a single mum and would only be able to volunteer if I was able to bring my son with me. Please contact me if this is a possible. (Having read the above post I'm hopeful that it may be possible)

Μου αρέσει! Απάντηση 5 χρ.

Team Kitrinos
Hello, and thank you for the interest. Always useful to have a medic with A&E experience. It is definitely possible to bring a child with you - I was the one who brought my two year old along and he loved it! It does depend somewhat on the age of your son, whether he has had any childhood vaccinations, as that is important. Email us to let us know when you were thinking of coming.

Please read the letter below.
Contact us if you or anyone you know is interested!

<https://drive.google.com/open...>

Date 24/11/2016

**URGENT MEDICAL COVER NEEDED OVER CHRISTMAS!
CLINICAL VOLUNTEER'S NEEDED!
Refugee Camp Drama, GREECE**

Dear colleagues and friends,

Christmas is a golden time to spend with family.... And we are sorry to have to ask you to give up your time with your own families. Most of the refugees trapped in Greece have either lost family through the atrocious war in their countries or been separated from them through the ongoing dire political boundaries.

Would you consider sacrificing some of your family time to help our families at the camp feel some love? We will be grateful if you come and join us to provide primary medical care for them.

Who do we need?

Qualified doctors with a prescribing licence (minimum 2 years post qualification). Ideally GPs, paediatricians and women's health specialists (including contraception advice), accident and

Saiqa Ali
Trustee Role Recruitment

Interested in the opportunity to work with a rapidly expanding charity providing medical care to refugees in Greece? We are looking for experienced and committed individuals to join our Trustee Board.

Kitrinos Healthcare's mission is the relief of sickness and the preservation of health among refugees anywhere in the world by providing and assisting in the provision of medical and healthcare services. Kitrinos Healthcare has been assigned by the Greek Ministry of Health and Migration to care for refugees in Greece since 2016 as a medical services provider in various camps.

We are recognised Primary Healthcare providers in two camps: Sinatex and Veria in Northern Greece. The team provide mobile services in Thessaloniki and satellite services in Athens. We have recently responded to the emergency refugee crisis in Leros and have started providing Primary Healthcare services in the first reception services there.

Kitrinos Healthcare provides Primary Health Care services which include the following:

- Antenatal care, family planning and birthing assistance
- Psychological first aid and secondary trauma
- Triage and referral
- Transportation services for high risk patients
- Chronic disease management
- Optometry and dentistry
- Cancer care
- Psychosocial Support
- Outreach Services
- Fitness programmes
- Creative workshops (occupational therapy)
- Patient transportation services

The work in Greece is coordinated by a small administrative team working in our office based in Wimbledon, London, UK and is responsible for all the operational needs of the charity including:

- Volunteer Recruitment
- Finance
- Marketing and Communications
- Fundraising and Events

What are we looking for in our trustees?

Kitrinos Healthcare is growing and expanding its services in Greece. We are seeking committed individuals to strengthen the board at this critical time. We wish to recruit enthusiastic Trustees with experience in any professional capacity, particularly in the following areas:

- Board Experience
- Marketing and Communication
- Governance
- Medical Professional

...

Fundraising
Project Management
Medical Recruitment
Accounting
Legal
Medical

The trustees will ensure that the charity is being run in line with Charity Commission guidance and the governing document.

Typical duties can include:

Ensuring that the charity follows its governing document
Supporting in the preparation of reports and accounts for the Charity Commission

Planning and participating in the annual cycle of Trustee Board meetings (meetings can be attended via skype or other virtual method)

Monitoring that decisions taken at meetings are implemented

Ensuring effective and efficient administration

Key skills and requirements

Sharing our common ethos and mission statement

Previous board experience

Tact and diplomacy

Good 'people skills'

Impartiality, fairness and the ability to respect confidences

Willingness to actively engage with the UK and Greek teams

Practical Considerations

Board meetings will be held quarterly. This role is primarily based in the UK but may involve travel to locations we currently serve in or new locations where we may anticipate providing care. Although this is an unpaid role, trustees may expect a reimbursement for agreed expenses incurred in undertaking their role.

If you want to make a difference to refugees in Greece and help our charity grow in response to the continuing refugee crisis, please email your covering letter and CV to admin@kitrinoshealthcare.com.

السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

One of our insulin dependant diabetic patients was rushed to us yesterday feeling faint and rapidly becoming disorientated and confused. She was talking gibberish, but because I knew her well, I was able to stuff some dates into her hand and ask her to eat them quickly to raise her dangerously low blood glucose levels. Her BM was 28 (less than 2 mmol/litre). Fortunately due to this quick action were able to avoid admitting her to hospital.

Thank you for continuing to sponsor dates for the refugees in greece, which we are still able to supply. Unfortunately, these are still not available in the local shops in Drama, Northeastern Greece.

Please sponsor £33 per 5kg box via our not for profit community

Please sponsor 200 per day for the car not for profit community project:

السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

Dear friends, family and kind supporters of our project,

I am returning to the camp after 6 weeks away and not a day has gone past where I have not been thinking about the ongoing needs for our dear refugee brothers and sisters and their children trapped in the camps of Greece...

The good news is that the time has enabled me to plan further the future projects to support those in need with no means of supporting themselves.

🌸🌸🌸🌸🌸🌸🌸🌸 Sewing and Knitting 🌸🌸🌸🌸🌸🌸

The many women have requested the opportunity to make their own Jilbabs/ hijabs / skirts to cater for their own for their varied sizes & tastes. They are already skilled (please see our gallery photos on our website blog)

<http://www.kitrinoshealthcare.com/.../Our-first-knitting...>

So we are delivering 3 donated sewing machines / rolls of material for winter abayas and long skirts / all the thread and trimmings....

More wool and needles so they may continue their excellent production line off hand- knitted clothing.

The ultimate aim is for an opportunity for self sustaining skill development and occupational therapy which will hopefully lift them out of a state of hopelessness...

Please join us by supporting these industrious women by donating towards to cost of the materials needed to make for themselves which are managing to acquire for low prices:

£3 for a ball of wool which would make one hat or set Of mitts and socks for a child

£5 for a pair of knitting needles.

£10 for a long skirt

£15 for a winter abaya

Please donate on our donate button at the top right hand corner of our page!

Or by bank transfer to

I have just stepped out into the morning air and it's freezing. The camp I look after has no heating or hot water. I need to raise just another €1000 to help us get the petrol heater working, which will supply a few hours of hot water daily so the children can be cleaned properly - yesterday we diagnosed scabies and measles infectious diseases that will continue to spread unless basic hygiene is attended to.

Please do what you can and donate here:

Barclays community bank account:
