Amazing efforts from the ground team on Christmas Day, seeing over 60 patients at Koutsochero, a brand new camp on HPF's list!

This was followed by an oral hygiene educational session! Thank you Zainub for going round door to door to convince the parents to bring out the children. We delivered the session in an Isobox, with minimal space and a bed for the kids to sit on, nevertheless, Affaf, our dentist, and Zainub our multitalented coordinator, managed to keep the attention of the kids and had yet another successful oral hygiene session with our refugee children.

Much love and warmest wishes to our ground team who are spending this special time of year looking after the displaced families.

May this Christmas be the merriest one for you.

Team HPF

xx

Healthpoint Foundation is proud to present ongoing educational sessions in Greece. With the help of our very dedicated dental team and ground coordinators we have been delivering dental educational session on oral hygiene across multiple camps in northern Greece including Elpida, Chesro, Kalachori and Karamanlis to name a few.

As dental care providers for the vulnerable population it is essential we focus not just on treatment but also on prevention. It is unfortunate that in the camps the diet is high in sugar content to keep up energy levels and smoking is high in prevalence in face of the adversity and stress levels the population is facing. Dental education is, therefore, vital to prevent tooth decay, pain, and the eventual extractions and loss of teeth.

I would like to give special thanks to the team who made these sessions possible. Zaki, for sharing the passion and delivering the education sessions, Raisa, for generating the material and creating the HPF superheroes, 'Fantastic Fatima' the fluoride tooth paste and ' Brilliant Bilal' the tooth brush! The kids in the camps love them! Waheeda for being the awesome photographer and generally for making things happen! Thanks to all those who have been involved, Ansar, Faith, Nausheen, Fares, and ofcourse Ola and Hadia.

A big thank you to our dental volunteers [Sophy McKee](#), Romulo Greco, and Emer Watters who took the time out to make a difference. We can't fulfil our mission without the aid of volunteers like you all. With that being said we are in need of dentists to volunteer with us in clinics in northern Greece. Please get in contact with us to find out more information on how you can make a difference. ❤️ CALLING ALL DENTISTS

Calling all dental folk : dentists/ dental assistants/ hygienists/ therapists- I had a team that was supposed to cover the volunteer run clinic at the Greek refugee camps from 23rd Nov - 28th Nov, they have unfortunately had to cancel their plans and have given me very short notice - is there anyone out there who wants to help cover the clinic based in camps near Thessaloniki (Northern Greece)? I cannot stress how vital the service is on ground, in return I promise you a very insightful experience- please get in touch with us on: dental@healthpointfoundation.org - please share!

We would like to kickoff our throwback Thursday campaign reminiscing on our first day as Health-Point Foundation. Health-Point, the first 24 hour clinic in Lesvos Moria on Olive Grove. November 8, 2015.

Along with a photo of the crowds at any given time next to the Olive Grove. We had a very small clinic looking after these refugees in transit.

Help us spread our message by giving us a like on Instagram! At the moment we are in need of dentists to volunteer in our mobile clinic in Greece! Contact us via email for more information.

Today HPF is feeling enormously grateful to [Toni Marie Biskup](#)- our current clinical coordinator who sadly only has a couple of weeks with us left! Toni had volunteered with us before in Lesvos so it was a real privilege to have her with us again. Her dedication to the cause has been just beautiful to see. Being a medic we wonder if we've managed to convert her to dentistry 😊 she's helped coordinate with other medical NGOs meaning she's helped make the dentists who have signed up with us to volunteer more accessible to further camps that have previously had no dental care. Thank you Toni, love HPF family x

Sometimes we at HPF struggle to find a way to say "Thank you" to individuals because of just how immense the support has been- tonight we would like to say a heartfelt thanks to **Karen Bennett** who allowed the running of a clinic in one of the poorest refugee camps in Greece. Without her and her teams effort it just would not have been possible to give those in Fillipiada camp access to urgent dental care. They have kindly donated an autoclave to allow us to continue to do our work safely. Thank you to all those involved **Saira Akhtar Gill Tarsila Pfyffer**

First and foremost a big thank you to everyone who attended Health Point Foundation's Unity for Refugees fundraising dinner, that partook in the Washington, D.C area, last week. It was a huge success and WE couldn't have done without you. We are proud and honored to have the support of individuals from all around the world, and last week in particular from the greater Washington, D.C area. We hope, now that Health Point Foundation has proven itself as an independent grassroots organization- that we can continue our work in camps in various parts of Greece and to make your generous donations and hard earned dollars stretch even further.

We would also like to personally thank those individuals and businesses who dedicated their time and talents in assisting us with our event

Unity for Refugees. Pt 9

Keep them coming!! We clearly recognize one another as human beings, full of compassion, talent, intelligence, and potential, regardless of color or culture. These pictures represent the hope that Greece has shown time and time again this last couple of years. A hope the world needs desperately to recognize.

Dear all HPF followers and supporters, we would like to acknowledge an outstanding organisation called **The Zahra Trust** who have continued to support our longterm volunteers by providing assistance to help with accomodation and living expenses. We are indebted to their kindness but also their ability to look beyond the petty details and focus on what is needed. We hope to be able to support their cause similarly when we are able to 😊

Unity for Refugees. Pt 7
 Keep them coming!! We clearly recognize one another as human beings, full of compassion, talent, intelligence, and potential, regardless of color or culture. These pictures represent the hope that Greece has shown time and time again this last couple of years. A hope the world needs desperately to recognize.

Health Point Foundation's Admin is moving homes and is in need of a short term volunteer to help with Admin jobs during the move. You can do this job from home. Now I know this job is not as "cool" as going to Greece but you get to work with refugees daily.

For more information on this please email superadmin@healthpointfoundation.org

ADMIN PERSON NEEDED

Hello all,
The dental arm of Health-Point Foundation need an admin person on ground to support the immense dental outreach work we are currently providing in Northern Greece.
If you enjoy working in stimulating and fluid environments and have 2 months to spare beginning as soon as possible, please get in touch with us via Facebook or email hadia.aslam@healthpointfoundation.org and we can arrange a chat.
Thank you

Thank you Ola Hassan and Hassan Tariq for this.
Please come along and support HPFs next venture in Idomeni, we are setting up a dental unit now with the help of MSF and independent volunteers for the thousands needing the dental treatment.
Our PayPal is fundraising@healthpointfoundation.org
Thank you in advance for your support.
Contact Ola at dental@healthpointfoundation.org if you would like to volunteer in the dental unit.

Dear supporters, volunteers, and well wishers

We have been monitoring the ground and political situation on an international level, as well as the inside of Moria camp over the last few weeks to months. It feels as though, the opportunity to provide care to our refugee friends in Moria, has come to a natural end for Health Point.

We are not sad, we are proud.

This has been a success, a story of resilience, love, unity and humanity. Without a doubt, every single one of you who has been a part of this exhilarating journey has shown together, we can construct all those elements which will make this world a more tolerant place. There is hope.

We are so proud of The Health Point Foundation in Lesvos. From a basic marquee, with the help of Lesvos Winterproof and BDFM, it transformed into an amazing field hospital, staffed by incredibly dedicated and skilled staff from all over the world. Professional colleagues from other medical NGOs were openly envious of our facilities when they visited and admired our work. Our patients enjoyed the best of medical and personal care 24 hours a day, something world renown medical organisations could not provide here in Moria. Health Point has become an ethos. A vision. And you all contributed to this.

Why this decision?

With the EU Turkey deal taking effect, we no longer have access to refugees needing help. We have kept the medical tent open 24 hours a day in the recent unsettled times and have seen just a few patients. We have also sought every way possible to offer our services to those held in Moria detention centre without success. It no longer makes sense for us to stay here. We have exhausted this avenue.

We have a future cadre volunteers who are self-funding and sacrificing their time to help refugees and in order to make the best of their commitment we need to move to where there are needs that we can address. Immediately, this means we are attempting to focus our work in Idomeni. And also aiming to support Better Days where they chose to settle.

If you were planning to come to Lesvos in the near future, we are sorry for the inconvenience this causes but please contact us if you are interested in changing your travel plans to Idomeni. Alternately, most of you may be able to terminate your journey at Athens and seek to offer services there via other NGOs.

Lastly, your support, donations, efforts, love, and wishes have gone a very long way. We would like to thank every single one of you for your time and energy, from the bottom of ours but also our refugee friends hearts. They received all your love. We luckily, were the vessels for this extra ordinary exchange.

Upwards and onwards.

Team Health Point.

Please consider coming to the camp at Katsika Ioannina to work if you don't stay in Lesvos there's much to do here and there are no big NGOs here yet and too few volunteers!

Update from our founder and CEO Hadia Aslam regarding the current situation in Lesvos:

"Many changes on the ground in Moria, but HPF will continue to provide its services until further notice.

We have continued to treat patients in the last few days.

I wish I could answer your every question that has come into my inbox or as a text msg, but unfortunately I cannot, and I also cannot predict what will happen next in Moria. No one can.

The situation is fluid. The situation in Moria is always fluid.

Those of you who have made arrangements to join HPF, you are welcome to divert yourself elsewhere given the uncertainty of Moria, or you can join us if we are still there. We aim to stay here.

We are monitoring the situation every hour and day. Please bear with us. We will let you know if anything changes.

If you decide to divert, please let us know so we are aware you will not be joining us.

We hope the situation will become clear, but this is Moria, never is it clear. This is just the nature of the work. And this is not the first time I have posted such a msg.

Wherever you all go, I am sure you will prove to be a great help to this cause."

RE: Lesvos

Health Point Foundation will make an official statement later today regarding the current situation on the ground in Lesvos.

We are aware of the changes and are upto date on things. Pease remain calm and do not spread inaccurate information on the situation.

Thank you

Re: Volunteering With Health Point Foundation

I would like to thank everyone for their interest in Health Point foundation and their desire to join us in Lesvos to provide medical care with Health-Point .

The Volunteer Sign up can be found on our official web page located here

<http://www.healthpointfoundation.org/register-here>

After completing form one someone from our recruitment team will be in contact with you to discuss the next steps and help you register with the Greek Government and Greek Medical Board.

Again we here at Health Point Foundation would like to thank you for your desire to help.
